on Jun 15, 2000 this sequence version replaced g1:8225121.
on Jun 2015 this sequence if currently
consists of l contigs. Gaps between the contigs
are represented as runs of N. The order of the pieces
is believed to be correct as given, however the sizes
of the gaps between them are based on estimates that have
provided by the submittor.
This sequence will be replaced
by the finished sequence as soon as it is available and
the accession number will be preserved.
